AVAILABLE COLOUR OPTIONS* AND MATERIALS

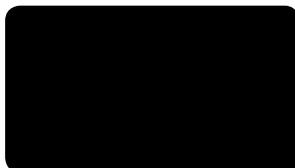

At HUBERTUS, exceptional quality begins with the materials. We select only premium components and trusted suppliers – companies with long-standing traditions and strong reputations. Although this often means higher costs, years of industry experience have taught us that true quality is never worth compromising. Our high-gloss surfaces use PET foil imported from Germany, while our matte finishes are based on AM 1800 TopX Hardcoat and AM 1800 TopMatt AF acrylic surfaces manufactured by SENOSAN – Austria's leading specialist in advanced plastics. HUBERTUS SUPER GLOSS is one of the highest-gloss materials available on the market today. HUBERTUS SUPER MAT, enhanced with the AM1800 TopMatt AF anti-fingerprint coating, offers exceptional resistance to fingerprints, effortless cleaning, and a velvety, perfectly even deep-matte finish. Its surface is highly resistant to grease absorption and unwanted shine. Both gloss and matte panels feature increased scratch resistance and long-lasting UV stability, ensuring that our furniture maintains its beauty for years. Every production batch undergoes a thorough quality inspection before it reaches our customers. Because at HUBERTUS, excellence is not a slogan – it's a standard.

OUR KEY AWARDS AND RECOGNITIONS

Combining work with passion is, without a doubt, my greatest achievement. I find fulfillment both as a company owner – continuously developing our facility and improving our machinery – and as a passionate designer, constantly searching for new ideas. Among the many awards and recognitions I have received, one of the most meaningful was the appreciation of my amateur projects by a world-renowned design council in Cologne. As a result, the DUO hi-fi model in 2007 and the RUBIN model in 2008 were featured in the special HIT GUIDE of the International Furniture and Interior Design Fair (IMM Cologne).

For four decades, while designing furniture, my goal has always been to ensure that each piece reflects current trends and offers a higher aesthetic and functional standard. My greatest satisfaction comes from knowing that the owners of the furniture I design take joy and pleasure in using it. This is what I wish for each of you.

Hubert Leboch
